

## Medication List

Walgreens Plus™ members receive discounts on thousands of generic and brand-name medications included on this Medication List, which is divided into two sections, “Value Priced” Medications and “Discounted” Medications\*.

The price for a medication identified as “Value-Priced” is listed below:

- 30-day-supply drugs cost \$5 (tier 1), \$10 (tier 2) or \$15 (tier 3)
- 90-day-supply drugs cost \$10 (tier 1), \$20 (tier 2) or \$30 (tier 3)

**Get savings up to 85% off Cash Prices on Atorvastatin (generic Lipitor) and Rosuvastatin (generic Crestor) ††**

The Discounted Medications section lists the discounts offered to Walgreens Plus members on other generic and brand-name medications not included in the Value-Priced Medication section.

The price for a medication is based on its tier and whether it is a 30-day or 90-day supply†. There may be an additional cost for quantities greater than those listed. This discount prescription pricing applies only to Walgreen Plus members on prescriptions purchased in select Walgreens stores that are not billed to insurance and/or used in combination with other health or pharmacy benefit programs. For further details, see your pharmacist or [Walgreens.com/Plus](http://Walgreens.com/Plus).
