

## Fertility Preservation Program

Hearing you have cancer is overwhelming. For females of child bearing age, future fertility may be of concern. Ferring Pharmaceuticals and Walgreens Specialty Pharmacy have a solution for providing the necessary medications.

### One less expense

A donation from Ferring Pharmaceuticals will allow you to receive select fertility products for your fertility preservation treatment at no cost. There are no forms for you to fill out and no financial requirements to meet. Simply have your doctor send us your prescription and we will take care of the rest.

### To qualify

- No financial requirements\*
- Female
- US Citizen or permanent resident
- Diagnosis of cancer
- Cancer treatment has not been initiated
- No recent chemotherapy treatment within prior six months
- Oncologist and reproductive endocrinologist determine that fertility preservation treatment is medically appropriate

## For more information please call us at 888-347-3415

\* Certain restrictions may apply. Federal healthcare program beneficiaries, including but not limited to State Medicaid and State Medicaid managed care recipients, as well as residents of Massachusetts, New Jersey and Arkansas are ineligible for the program.

This message was developed jointly by Walgreens Specialty Pharmacy and Ferring Pharmaceuticals Inc., the manufacturer of fertility products. Ferring funded the cost of this material and paid a fee to Walgreens for its distribution. No information that can identify you will be provided to Ferring. Walgreens is not recommending your use of any product/service described in this material. You and your healthcare provider should determine what options are best for you.
