Fertility Preservation Program

Walgreens Specialty Pharmacy can provide your female patients, going through fertility preservation treatment, with select fertility products donated by Ferring Pharmaceuticals. There are no financial requirements and no paperwork to fill out. Simply fax, call or submit the prescription and we will take care of the rest.

To qualify:
• No financial requirements**
• Female
• US Citizen or permanent resident
• Diagnosis of cancer
• Cancer treatment has not been initiated
• No recent chemotherapy treatment within prior six months
• Oncologist and reproductive endocrinologist determine that fertility preservation treatment is medically appropriate

Fax prescriptions to 888-347-3417 or call in at 888-347-3415 or submit your prescription electronically*

*Doctor or nurse must note “h.e.a.r.t BEAT Program Patient” on the electronic transfer.
** Certain restrictions apply. Federal healthcare program beneficiaries, including but not limited to State Medicaid and State Medicaid managed care recipients, as well as residents of Massachusetts, New Jersey and Arkansas are ineligible for the program.

This message was developed jointly by Walgreens Specialty Pharmacy and Ferring Pharmaceuticals Inc., the manufacturer of fertility products. Ferring funded the cost of this material and paid a fee to Walgreens for its distribution. No information that can identify you will be provided to Ferring. Walgreens is not recommending the use of any product/service described in this material. You as the healthcare provider should determine what options are best for your patient.
